

SUTTER HEALTH SYSTEMS: LEAN, COLLABORATIVE APPROACHES AND LESSONS LEARNED

Presentation will discuss the unique challenges and opportunities when implementing Lean and collaborative methodologies on projects.

Tuesday, October 23, 2012

LUNCHEON

11:30am - 1:30pm

Doubletree Hotel • Sacramento

GUEST SPEAKERS

Dan Conwell, Director of Planning, Architecture and Design Facility Planning and Development Dept. - Sutter Health

Dan is responsible for master planning and integration with strategic planning, site planning, medical planning, space programming, design team selection and development, and business plan support for all major projects throughout the Sutter Health System. In addition to project specific duties, Dan manages the planning staff within the department, is a member of the department's Executive Committee, and is involved in system-wide standards and policy development associated with Capital Projects. Dan has 25 years of experience focused on the planning, design and construction of healthcare projects, holds a Bachelor of Architecture degree, and is a licensed architect in CA and NV. Prior to joining Sutter Health in 2002, Dan was a principal and associate vice president for a national healthcare architecture firm.

Morrison Graf, Director of Project Delivery Facility Planning and Development Dept. - Sutter Health

Morri has a BS Degree in Civil Engineering from the University of CA, Berkeley, is a registered Civil Engineer, and an OSHPD certified, A Class, Hospital Inspector. Morri's career started in general contracting in 1981 working for Continental Heller at projects in Southern and Central California, then moving to HMM where he spent 20 years - ultimately becoming Chief Estimator and a partner in the company. In 2003 Morri made the jump to the owner's side and joined Sutter Health to help FPD manage their \$6+ billion capital program of new and retro-fit hospitals, medical office buildings, clinics, offices, and garages all over Northern California.
