

About the Design-Build Institute of America

The Design-Build Institute of America (DBIA) was founded in 1993 to provide a voice for design-build practitioners, to advocate best practices, to create and disseminate educational information, and to furnish advice and support to facility owners and users. Its membership includes design-builders, construction contractors, design professionals, subcontractors, representatives of government agencies, academics and other professionals.

Who Uses Design-Build?

Design-Build is the project delivery system of choice on more than 50 percent of the non-residential construction projects in the European Community and more than 70 percent in Japan. In the United States, the private sector's use of design-build has been increasing during the past thirty years, and is found in a wide array of commercial, institutional and industrial applications. In the U.S. sector, the federal government, as well as many states and local governments, employ design-build contracting for a significant percentage of their building programs.

Del Paso Country Club

Golf's greatest champions such as Hale Irwin, Johnny Miller and Tom Watson, among others, have challenged themselves at Del Paso Country Club. The Club continued their championship history with the USGA when they hosted the 2015 US Senior Open where the best golfers from around the world tested their skills right here in Sacramento.

Now is your chance to play this premier course like the champions!

In 2001, local and world renowned golf course designer, Kyle Phillips, developed a comprehensive plan to restore the course to its former glory. His vision was realized in Del Paso's 90th Anniversary when the course reopened in 2006.

Del Paso Country Club's new park style design provides an enjoyable and challenging golf experience for all skill levels, and offers its members and guests the finest practice facilities in the region. Del Paso offers pristine rye grass fairways and is renowned for the best putting surfaces to be found anywhere.

Continuing to educate upcoming Design Builders is one of the building blocks of our industry.

Our programs and golf tournaments help fund several student development activities:

- Participation at our National Conferences
- Teams to the Reno DB competition
- Ten \$4,000 Scholarships
- Sponsorships of programs and student events

The Western Pacific Region currently sponsors student chapters and activities at Long Beach State, Cal Poly San Luis Obispo, Chico State, Sacramento State, Stanford University with additional schools in the development stages.

Thank you for your support of DBIA-WPR and especially up and coming students!!

September 12th, 2016
