

2018 DBIA-WPR OWNERS COUNCIL WEBINAR SERIES

Session #8 - DESIGN-BUILD PROCESS UTILIZING COMPETITIVE ACQUISITION

This webinar will be the 8th of 9 to be presented in 2018. The series is built from the Design-Build Institute of America's "Manual of Practice" (MOP). A highly experienced practitioner will present each of the 9 topics. This will be a 40 min presentation of the given subject using the MOP as the foundational platform. In the course of acquiring the design-build of a facility, an owner must make a number of critical decisions that can influence the success the project. The most critical decision is the selection of the design-build team. In general, competitive methods produce superior results by providing owners with an opportunity to canvas the industry and select the best team(s) and solution(s). In most public agencies, competitive acquisition is required. However, there are best practices to avoid selecting based solely on low price. This presentation discusses principles, concepts, and best practices associated with the two most common methodologies for acquiring design-build services on a competitive basis.

WEBINAR SERIES

Wednesday, September 12, 2018

12:00 pm to 1:00 pm

REGISTRATION VIA ONLINE AT: www.dbiawpr.org

SPEAKER

Dan Wheeler

Vice President and General Manager
TURNER CONSTRUCTION

Dan Wheeler is a Northern California native with over 28 years of experience in program, design and construction management specializing in education, commercial, and transportation related projects. A CSU Chico alumnus, Dan joined Turner in 2006 as a senior project manager, quickly earning a promotion to project executive and in 2015 to Vice President and General Manager. Dan is providing executive-level leadership and management on new projects such as the \$520 million, design-build Natural Resources Headquarters Building for the State of California.
