About the Design Build Institute of America

The Design-Build Institute of America (DBIA) was founded in 1993 to provide a voice for design-build practitioners, to advocate best practices, to create and disseminate educational information, and to furnish advice and support to facility owners and users. Its membership includes design-builders, construction contractors, design professionals, subcontractors, representatives of government agencies, academics and other professionals.

Who Uses Design Build?

In the United States, the private sector’s use of design-build has been increasing during the past thirty years, and is found in a wide array of commercial, institutional and industrial applications. In the U.S. sector, the federal government, as well as many states and local governments, employ design-build contracting for a significant percentage of their building programs.

Stonecreek Golf Club

Located in the heart of Phoenix with spectacular mountain views, Stonecreek Golf Club’s remarkable golf, upscale amenities and unmatched service have earned it recognition by Golf Channel as one of Arizona’s “Best Kept Secrets.” Open to the public 52 weeks a year, the club’s superb links-style championship layout, expansive golf practice facility, delicious dining and spacious banquet facilities offer unrivaled opportunities for playing, socializing and networking.

Continuing to educate upcoming Design Builders is one of the building blocks of our industry.

Our programs and golf tournaments help fund several student development activities:

- Participation at our National Conferences
- Teams to the Reno DB competition
- Twelve $4,000 Scholarships
- Sponsorships of programs and student events

The Western Pacific Region currently sponsors student chapters and activities at Arizona State University, Northern Arizona University, and University of Arizona with additional schools in the development stages.

Thank you for your support of DBIA-WPR and especially up and coming students!!
