

# DBIA-WPR OWNERS' COUNCIL WEBINAR

## 2021 OWNER TO OWNER SERIES - HOW TO AVOID THE OFF RAMP 201 IN PROGRESSIVE DESIGN-BUILD

Join **DBIA-WPR Owners' Council** for session #2 of the 2021 Owners' Council Webinar Series. The series foundation is built from the Design-Build Institute of America Manual of Practice. A highly experienced Owner, Practitioner, or Academic will present the series topics. August 10th 35-40min presentation will be hosted by Mr. Mike Meredith of Dept. of General Services, with a distinguished panel. Are you interested in hearing from an experienced Owner and a panel of practitioners about the detail and decisions points in a progressive process? The discussion will build on the May 5th presentation and attempt to take a deeper five into the pros and cons in selecting trade partners for pre-construction. Strategies on when and how to set the GMP will be vetted. And learn why Owner expectations must be aligned with the Target Value identified. Join us and hear from acknowledged industry experts for how to make your projects successful. Please listen in!
