

# WEBINAR DBIA-WPR BAY CHAPTER ~~LUNCHEON~~ SLAC CONVENTIONAL FACILITY PROJECTS AND DESIGN-BUILD OPPORTUNITIES

Join **DBIA-WPR Bay Area Chapter** for a ~~luncheon~~. SLAC National Accelerator Laboratory (SLAC) will be executing a \$1B-\$2B capital improvement plan (CIP) over the next decade. This presentation will provide an overview of SLAC's CIP, with a focus on three design-build project opportunities:

1. The Large Scale Collaboration Center (LSCC), a facility for interdisciplinary scientific collaboration and visualization of experimental data.
2. Critical Utilities Infrastructure Revitalization (CUIR), a replacement and modernization of site-wide utility infrastructure to keep SLAC mission ready.
3. Matter in Extreme Conditions Upgrade (MEC-U), to design, fabricate, install, and commission a high-peak-power and high-energy laser facility, for a national user facility for High Energy Density Plasma Science (HEDPS).
