

DBIA-WPR LA/OC CHAPTER WEBINAR ROADMAP TO DESIGN-BUILD SUCCESS IN K12

Join **DBIA-WPR LA/OC Chapter** on this conversational panel with 2021 DBIA-WPR award winning team to discuss the three different perspectives of Design-Build in K-12. The perspectives will be that of an Owner, a Designer and a General Contractor to help those in K-12 better understand Design-Build and how to find success.

- As a K-12 Owner, learn the path to success! Where to start and what is important along the way in the Design-Build process.
- As a Designer and a Contractor, how do you weigh who you want to work with and find success as a team?
- Together, how do we all execute the plan and what strategies are best for cost control in today's world of material availability and escalation?

Please feel free to submit questions to Caitlin Sly (via email: caitlin.sly@p2sinc.com) ahead of time so the panelists can be sure to cover all your questions!
