

DBIA-WPR LA/OC CHAPTER LUNCHEON THE DECARBONIZATION IMPERATIVE AND PLANNING FOR A RESILIENT FUTURE

Join DBIA-WPR LA/OC Chapter for a lunch presentation. Sustainable initiatives, unfunded mandates, code updates and more! All of these create the vision for a “Clean California,” but how are we going to collectively achieve these goals? In a world where issues are evolving quicker than our legislative or planning mechanisms, we must collaborate, build momentum and remain flexible to maximize our impact. Come explore the hurdles, strategies and opportunities of applying Design-Build principles to realize a more responsible and resilient built environment.
