

DBIA-WPR ARIZONA CHAPTER & LEAN CONSTRUCTION JOINT EDUCATION EVENT: *“APPLYING LEAN PRINCIPLES IN DESIGN-BUILD – A SUCCESS STORY”*

Join DBIA-WPR Arizona Chapter for a presentation. The joint event will feature a 20-minute DBIA presentation and a 20-minute LCI presentation. Mike Lee, McCarthy Building Companies will present a case study on the recently completed design-build project University of Arizona Applied Research Building in Tucson, Arizona demonstrating how incorporating lean best practices helped the design-build team complete this successful project. LCI board members will introduce the Lean Construction Institute and will go over Lean best practices. A Q&A session will follow both presentations.
