

DBIA-WPR LA/OC CHAPTER YOUNG PROFESSIONALS INTUIT DOME SITE TOUR

Join DBIA-WPR LA/OC Chapter Young Professionals for a site tour. We are excited to announce an amazing opportunity to tour INTUIT DOME, the new home for the LA Clippers!

We will be guided through the project site by the Turner Construction & Henderson Engineers team to see all the incredible work that has been put into place.

After the tour is complete, we will have some time to network with bites and beverages at a nearby location hosted by Turner.

There are limited spots available so please only sign up if you will be attending and if you need to cancel please let us know quickly so that we can open the spot for someone else.
