

About the Design-Build Institute of America

The Design-Build Institute of America (DBIA) was founded in 1993 to provide a voice for design-build practitioners, to advocate best practices, to create and disseminate educational information, and to furnish advice and support to facility owners and users. Its membership includes design-builders, construction contractors, design professionals, subcontractors, representatives of government agencies, academics and other professionals.

Who Uses Design-Build?

Design-Build is the project delivery system of choice on more than 50 percent of the non-residential construction projects in the European Community and more than 70 percent in Japan. In the United States, the private sector's use of design-build has been increasing during the past thirty years, and is found in a wide array of commercial, institutional and industrial applications. In the U.S. sector, the federal government, as well as many states and local governments, employ design-build contracting for a significant percentage of their building programs.

Tijeras Creek Golf Club

Tijeras Creek Golf Club was established and built in 1990. Located in Rancho Santa Margarita, California, the Ted Robinson designed course has 18 holes. Each presents new challenges amid tapered fairways, scenic greens, beautiful lakes and bull-nose carved bunkers. With dense and dynamic flora, Tijeras Creek creates a sanctuary not only for your playing experience, but for a variety of wildlife visitors from nearby Trabuco Canyon.

Proceeds to support DBIA Western Pacific Region, including Student Chapters & Scholarships.

Continuing to educate upcoming design-builders is one of the building blocks of our industry.

Our programs and golf tournaments help fund several student development activities:

- Participation at our National Conferences
- Teams to the Reno DB competition
- Twelve \$3,000 Scholarships
- Sponsorships of programs and student events

The Western Pacific Region currently sponsors student chapters and activities at NewSchool of Architecture and Design (San Diego), Long Beach State, Cal Poly San Luis Obispo, Chico State, Fresno State, Sacramento State, Stanford University, Arizona State University, and University of Arizona with additional schools in the development stages.

Thank you for your support of DBIA-WPR and especially up and coming students!!
