

DBIA-WPR WATER/WASTEWATER WEBINAR DESIGN-BUILD IS FLOURISHING AT THE SAN JOSE-SANTA CLARA REGIONAL WASTEWATER FACILITY

Join **DBIA-WPR Water/Wastewater Committee** for a webinar. The City is in the process of completing their third design-build project which is a new \$130M Dewatering Facility that will be commissioned in the Summer of 2025. Having used design-build for three projects, the City has evolved and establish strong processes for the future as design-build will be a valuable delivery tool going forward. Come hear about the City's latest Dewatering Project, how the City has adapted design-build to meet their needs, and the motivation to leverage design-build going forward.

2024 WATER/WASTEWATER WEBINAR WEDNESDAY, JULY 24, 2024
