

# DBIA-WPR BAY CHAPTER PROGRESSIVE DESIGN-BUILD FOR PUBLIC AGENCIES

Join DBIA-WPR Bay Chapter for a lunch program. On January 1 of last year, SB 706 authorized cities, counties, and special districts to use Progressive Design-Build delivery, and SB 617 authorized the same for transit agencies. Progressive D-B is one of the most collaborative forms of contracting available to California public agencies, creating significant flexibility in project management and procurement, along with new challenges in negotiating construction price, and managing scope, design, and schedule. Please join us for a lively panel discussion with public agency representatives and consultants with past and current experience in Progressive D-B to share lessons learned and discuss their upcoming Progressive D-B projects.
