

DBIA-WPR LA/OC CHAPTER OWNER READINESS FOR COLLABORATIVE DELIVERY

Join DBIA-WPR LA/OC Chapter for a panel discussion. Success in collaborative delivery begins with a culture shift — and that shift must be driven by Owners and Owner Advisors. Alternative delivery methods like Design-Build and Progressive Design-Build don't just require new contracts or procurement strategies — they demand a new mindset.

Please join DBIA-WPR LA/OC Chapter for a panel of Owners and Owner Advisors that are leading our industry in collaborative delivery. They will discuss the efforts to implement the cultural shift, key indicators of owner readiness, and provide a practical framework for implementation.
