

DBIA-WPR NEVADA CHAPTER LUNCHEON RIGHT METHOD, RIGHT PROJECT: DELIVERY CHOICES IN AVIATION

Join DBIA-WPR Nevada Chapter for a luncheon. The Nevada DBIA-WPR Chapter is bringing together decision-makers from San Francisco International Airport (SFO), Harry Reid International Airport (LAS), and Reno-Tahoe International Airport (RNO) for a candid discussion on what really works in aviation project delivery. Moderated by aviation experts from The Paslay Group, this panel will dig into the pros and cons of progressive design-build, CMAR, and design-bid-build. We will explore where each method shines, where they fail, and how owners are actually choosing among them today. If you want a sharper point of view on risk, collaboration, and results, this is your chance to learn directly from the people setting the strategy in aviation.

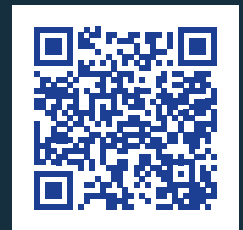

2026 NEVADA CHAPTER LUNCHEON

TUESDAY, MARCH 10, 2026

11:00am - 1:00pm
