David Umstot - Umstot Project & Facilities Solutions, LLC, President, and DBIA-WPR Board President - CA

Keynote Address

Focused on Market Trends For Design-Build

Additional Topics

Focus on the Design-Build Process
Focus on Procuring a Design-Build Project Using Public-Private-Partnership
Focus on the Sub-Prime Relationship

Design-Build Institute of America

The primary activity of Design-Build Institute of America (DBIA) is to promote education of public awareness, understanding and utilization of design-build, both as a process and profession - no matter the industry.

What Seminar Explores

This one-day seminar peers into design-build and integrated project delivery methods to help strength owners knowledge base on project processes; assist designers and contractors to create synergistic teams; and how subcontractors can play a meaningful team role (with special breakouts for owners/developers). This program will also convene thought leaders and foster on-going dialogue on project delivery methods and collaboration.
