

We are so proud of what our student chapters have accomplished this year!

We are happy to share their successes with you & hope that you and your company will be able to engage with them in the 2024-2025 school year!

Western Pacific Region leads the nation in the number of active student chapters and we are continuing to grow our reach!

Ways you can support the DBIA WPR Student Chapters:

- **Sign up a Point of Contact** from your company for student chapters to make arrangements with
 - Have someone for each DBIA chapter if possible so they are closer to the student chapter
- **Reach out directly to student chapters** to set up in person presentations or job site/office visits
 - Contact Patrick Brittle - pbrittle@csuchico.edu & Catherine Woodworth - cwoodworth@henselhelps.com to get contact information
- **Participate in Fundraisers** that raise money for Student Scholarships & Student Chapter Funding.
 - This money supports student members to attend regional & national conferences, allow members to travel to student chapter events and DBIA chapter events, and host meetings for their members.
- **Are you connected with a University that would like to start a chapter?**
 - Maybe they already compete in the ASC Design-Build Competition or teach material related to Design-Build or are interested in learning more?
 - Contact Patrick Brittle - pbrittle@csuchico.edu & Catherine Woodworth - cwoodworth@henselhelps.com to start the conversation

Our chapter highlights include winning 3rd place at the ASC competition and formally reestablishing the NAU DBIA Student Chapter. We also had an amazing DBIA Seminar that took place on 4/18/24 at NAU. At the seminar we had four DBIA industry leaders representing the different entities involved in a typical DB project sit on a panel to field questions and explain the value that the Design Build Process adds to a project. We had 52 students attend this event who were very engaged, and the panelist did an amazing job at capturing their attention and reinforcing the concepts that we learn and teach.

We competed in the ASC Regions 6 & 7 Student Competitions and **placed 3rd for Region 6!** Excited to try again next year!

A crowning moment for our chapter this year was the remarkable uptick in our total membership, soaring by nearly 50%. This substantial growth not only reflects the profound value our club brings to its members but also underscores the vibrant community we've fostered. It's a testament to the dedication of our team and the enthusiasm of our members, inspiring us to continue striving for excellence in all that we do.

We didn't compete in the DBIA DB competition this year but have a team ready for 2024! We did have members compete in other competitions such as ASC Region 6 & 7 Competition: Project Management, Design Build, Concrete Solutions, Commercial, and Preconstruction.
