

Public Agency Perspectives on Design-Build: The Ongoing Integration of Design-Build into Public Projects

Lou Cavagnaro and John Coon will each present on their approach to integrating Design-Build into their projects and will also overview what projects they have coming up. The presentations will be followed by panel discussion for a question and answer period moderated by Andy Kirby. Attendees are being requested to bring questions for the Q&A.

Tuesday, May 10, 2011

LUNCHEON

11:30am - 1:30pm

Hilton San Diego Airport/Harbor Island • San Diego

LOU CAVAGNARO, P.E.

Assistant Director, Department of General Services - County of San Diego

Mr. Cavagnaro is responsible for facilities management for more than 8 million square feet in 1,100 county facilities, capital project planning and construction, energy and utility program management, real estate purchases, sales, leasing, and rights-of-way over 45,000 acres of County land, and acquisition and maintenance of the county's 3,800 vehicle fleet. The Department of General Services has been recognized for innovative and cost effective programs by the California Counties Facilities Services Association, Government Fleet Magazine's Top 100 Public Fleets, National Association of Counties, California State Association of Counties, and the California Center for Sustainable Energy. Prior to joining the County, Lou was with the Naval Facilities Engineering Command (NAVFAC) in San Diego, serving as the Deputy Assistant Operations Officer for the Coastal Team supporting construction, facility maintenance, transportation and waterfront operations for five major Naval commands. Lou served 30 years as a civilian engineer and manager for NAVFAC in the US and Europe. Lou holds Bachelor's Degree in Civil Engineering from the University of California Davis. He is a licensed Civil Engineer in California.

JOHN COON, P.E.

Chief Engineer/Capital Improvements Business Line Coordinator
Naval Facilities Engineering Command (NAVFAC) Southwest

Mr. Coon is responsible for the Capital Improvements Business Line, consisting of over 700 professionals across a wide range of disciplines, is responsible for the planning, design and construction of over \$1B worth of facilities annually for a variety of supported commands across six southwestern states. John was previously the Capital Improvements Business Line Programs and Business Management Product Line Coordinator at NAVFAC Southwest. He was primarily responsible for Military Construction Program Management & Resource Management. Mr. Coon graduated from S.D. State University with a Bachelor of Science Degree in Electrical Engineering. He also completed 30 semester units of Master of Business Administration coursework at S.D. State University from 1990 to 1992. John is a registered Professional Engineer in California and a graduate of the NAVFAC Leadership Development Initiative program.
