

# DESIGN-BUILD BEST PRACTICES FOR TRANSPORTATION OWNERS

*The ONLY Design-Build Best Practices Curriculum  
Specifically for Transportation Owners!*

## THE USE OF DESIGN-BUILD IN THE TRANSPORTATION SECTOR IS BOOMING.

Why? Research shows:

- 11% lower costs,
- 36% faster project
- Higher quality in all measured categories when compared to design-bid-build and CMAR.

The key to design-build success hinges on three synergistic elements (1) well-written performance requirements (2) source selection process that ensures the right team and (3) contract incentives focused on non-cost performance.

## DEVELOPED FOR TRANSPORTATION PROFESSIONALS, BY TRANSPORTATION PROFESSIONALS!

Beta tested by the Florida DOT and here is what they had to say:

*"This coursework will be incredibly helpful to an agency that has not done a lot of design-build."*

*"Overall, this was a great course. FDOT took away some valuable things."*

## CUSTOMIZE YOUR TRAINING TO FIT YOUR NEEDS!

You're the boss! Tell us what you need and let us build your program and bring it to you.

- Train more people and save money by eliminating travel costs.
- Learn from instructors/subject matter experts with backgrounds specific to Transportation.
- Tailored offerings based on DBIA's full array of courses

For more information please visit [www.dbia.org/development/custom/](http://www.dbia.org/development/custom/) or call 202-682-0110. DBIA's Headquarters is located at 1331 Pennsylvania Avenue, NW, 4th Floor, Washington, DC 20004

## ADDITIONAL TRANSPORTATION SPECIFIC RESOURCES FROM DBIA

2013 Design-Build in Transportation Conference  
March 18-20 | Orlando, Florida  
Bringing together over 800 transportation industry professionals.

DBIA Manual of Practice Chapter on Transportation Infrastructure Best Practices downloadable at [www.dbia.org](http://www.dbia.org) and free for DBIA members
